

# Tenured Professors' Installation Lectures

## Wednesday 15 March 2017 at 14

### Undergraduate centre, Otakaari 1 M, Espoo

The lectures are preceded by the professors' nomination ceremony and followed by a reception.  
Professors' nomination ceremony at the lecture hall U4 and lectures in parallel sessions at lecture halls U4, U5 and U6.

#### Lecture hall U4

*"Optimizing human-computer interaction"*

**Antti Oulasvirta**

Department of Communications and Networking  
School of Electrical Engineering

#### Lecture hall U5

*"CoDesign in the era of user participation"*

**Sampsa Hyysalo**

Department of Design  
School of Arts, Design and Architecture

#### Lecture hall U6

*"People management in multinational corporations"*

**Ingmar Björkman**

Department of Management Studies  
School of Business

*"Augmented radio environments"*

**Katsuyuki Haneda**

Department of Electronics and Nanoengineering  
School of Electrical Engineering

*"Co-creative practices in service design"*

**Tuuli Mattelmäki**

Department of Design  
School of Arts, Design and Architecture

*"Transformation toward service-centric value creation in technology industries"*

**Risto Rajala**

Department of Industrial Engineering and Management  
School of Science

*"Cost-efficient photovoltaic devices using nanotechnology"*

**Hele Savin**

Department of Electronics and Nanoengineering  
School of Electrical Engineering

*"Matter that matters: creativity and materiality"*

**Maarit Mäkelä**

Department of Design  
School of Arts, Design and Architecture

*"Robots and intelligence"*

**Ville Kyrki**

Department of Electrical Engineering and Automation  
School of Electrical Engineering

*"The science of software and system design"*

**Stavros Tripakis**

Department of Computer Science  
School of Science

*"Designing and engineering cellular production systems"*

**Alexander Frey**

Department of Bioproducts and Biosystems  
School of Chemical Engineering

*"Miniature robotics: physics meets automation"*

**Quan Zhou**

Department of Electrical Engineering and Automation  
School of Electrical Engineering

*"Digital tools in learning: the past and the future"*

**Teemu Leinonen**

Department of Media  
School of Arts, Design and Architecture
