Abstracts should be submitted to the organizers electronically, using the registration and abstract submission form. Files prepared with \LaTeX in EPS format or with Word in DOC format are accepted, as are also PDF files. PDF files compiled from the \LaTeX template or printed from this Word template are strongly preferred. Submitted files will be published as they are.

The title should be written in bold capitals. Title, authors, and address should be separated from each other by an empty line. The name of the author who will give the presentation should be underlined. The email address of this author should be given on a separate line below the address information.

The font should be Times (New) Roman 12, text should be justified. References are cited in the text like this [1]. The reference list should use the format shown below. You can add web links using the example below: if possible, please do this for each reference.
